EDUCATION

- **KCC Institute of Technology & Management** Greater Noida, U.P.
B.Tech in Computer Science; CGPA: 7.5 Aug. 2023 – July 2027
- **K.M Public School** Agra, U.P.
12th Standard; Percentage: 74%

TECHNICAL SKILLS

Languages: C++, Java, JavaScript, HTML/CSS, SQL

Frameworks & Libraries: Node.js, Express.js, React.js, React Native, Expo

Databases: MySQL, Firebase

Tools & Platforms: Git, GitHub, VS Code, Vercel, Docker, MS Excel

Core Subjects: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOPs), DBMS

EXPERIENCE

- **Google Student Ambassador** Remote
Internship Duration: 5 Months
 - **Community Leadership:** Represented Google on campus, organizing tech events and workshops to foster a developer community.
 - **Engagement:** Developed leadership and communication skills by actively engaging with students and Google developer technologies.

PROJECTS

- **Disaster Management App** | *React Native, Expo, Firebase, Google Maps API* [GitHub](#)
 - **Real-time Alerts:** Built a cross-platform mobile app using Firebase to provide users with real-time critical updates and emergency contacts during disasters.
 - **Location & Navigation:** Integrated Google Maps API and Geolocation to help users quickly find nearby safe zones, shelters, and report live incidents.
- **Team Forge** | *React, Node.js, Express, MySQL* [GitHub](#)
 - **Project Management:** Developed a comprehensive platform for monitoring tasks and intelligent team assignment based on member skills.
 - **Workflow Optimization:** Implemented real-time task tracking and smart assigning logic to enhance team productivity and streamline workflow.
- **ExpenseIQ** | *React Native, Node.js, SQL* [GitHub](#)
 - **Cross-Platform App:** Built a seamless mobile application using React Native for personal finance management and expense tracking.
 - **Data Insights:** Integrated a secure backend with Node.js and SQL to store transaction history, categorize expenses, and generate insights.
- **Personal Portfolio** | *React.js, HTML/CSS, Vercel* [Live Demo](#)

ACHIEVEMENTS & CERTIFICATIONS

HackIndia Hackathon: Participated and successfully built 'Team Forge', an AI-driven project management solution.

Google Student Ambassador: Program Certification.

HackIndia: Participation Certificate.

Deloitte: Data Analytics Job Simulation (Completed practical tasks in data analysis and forensic technology).

JPMorgan Chase & Co.: Software Engineering Job Simulation (Implemented Kafka integration, H2 database, and REST APIs).

Tata: GenAI Powered Data Analytics Job Simulation (Applied AI for risk profiling, predicting delinquency, and data storytelling).

Mastercard: Cybersecurity Job Simulation (Designed phishing email simulations and interpreted security results).
